

RIMONIM ART GALLERY

Please come and join us at the Rimonim Gallery on November 13th, 6:30 pm – 9:30pm for the closing of the “Organic & Tangible” with works by Marta Ares and Montserrat Urgell.

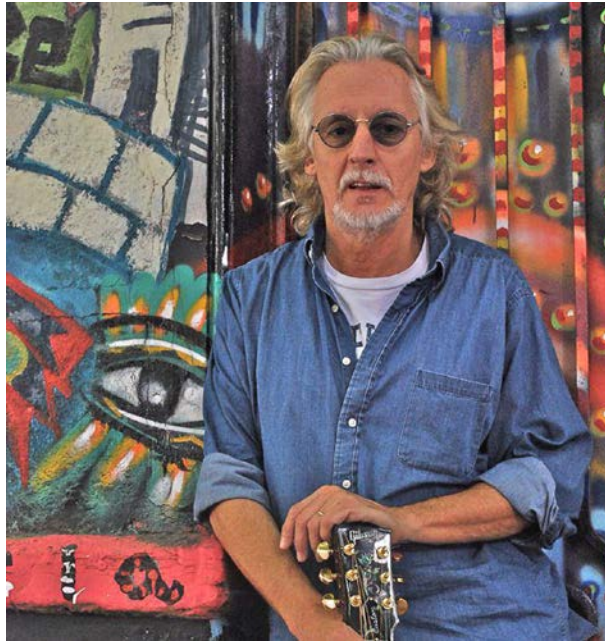

Ares’ video ambient creations energize with image, movement and music in an art form that though easy to explain is very difficult to achieve. The artist has developed videos like *rouge moon* and *karamelito* as part of a collection of works called: “bacteria of happiness” which also comprise photographs and video-boxes alluding to the micro world that is incredibly beautiful, active and alive.

The voice of Montserrat Urgell resounds in the vitality of color. Her mural paintings can be seen as analogous to the vibrato, a technique used by singers and musicians to add expression to their music; In Urgell’s case invoked by the shapes that the young artist piles and stacks up against each other, with great passion, as an unequivocal symptom of anxiety and the urgency of life.

RIMONIM ART GALLERY

Our special guest for the evening will be the argentine singer – songwriter Nito Mestre who will showcase his brand new album: “Trip de agosto” to be released in Buenos Aires on November 6th.

Save the date. Hope to see you there.

We thank the sponsors of the exhibition
